

Course Management Services provided by:

OC TriRunning Sports Inc.
Chris Klebe 443-497-4324, Charlie McClure 443-370-9202
www.octrirunning.com email: info@octrirunning.com

- **Course Design and Measurement**
 - For first year venues or course changes we offer course measurement and design logistics.

- **Course Layout**
 - Course layout will include mile markers, directional signs and arrow boards. These items will be provided by OC TriRunning Sports.

- **Course Safety**
 - Course safety will include placement of traffic cones along course where moderate to high vehicle traffic will be present.

- **USATF Course Certification**
 - Certification will meet all required USA Track and Field requirements.
 - Calibrated course measurement with a USATF approved measuring device known as a Orth Counter.
 - A minimum of 3 separate measurements to assure course distance accuracy.
 - All applications, permits, course maps, etc . required by USATF will be submitted to the regional RRTC certifier.
 - Course Certification number.

Note: Course certificaitions need to be submitted every time the course in question is used but the measurements and calibrations only need to be done once, as long as there has been no changes to the course.

- **Event Registration**
 - Online registration setup (via active.com)
 - Offline registration, mail in brochures.
